HIGHER EDUCATION SCHOLARSHIPS Graduating High School Students

Higher Education provides scholarship funds to students who pursue secondary education by enrollment in an Associate or Bachelor degree program. Scholarships are made available to students enrolled in a Masters Degree program based on availability of funds.

These scholarship funds are supplemental, therefore, applicants must apply for all other available funding sources that include but are not limited to: state, federal, local and private financial aid as well as utilize student and family resources to contribute to their educational costs. It is the responsibility of the applicant to apply for these other funds. Nome Eskimo Community (NEC) will not provide assistance to cover the total financial need of students.

Credit Requirements

Full-time students must enroll for a minimum of twelve (12) credits per semester, ten (10) credits per quarter or the number of credits the school requires for full-time status. Part-time students must enroll for a minimum of six (6) credits. Funding for part-time status is limited to tuition, fees & books only. Students who are enrolled for less than six (6) credits will be considered on a case-by-case basis.

Should a student receive an Incomplete (I) and/or Deferment (D) during a term, this results in non-compliance of credit requirements. Students must fulfill credit requirements during the term a scholarship was awarded. Should the student complete the required work at a later date, and receive a passing grade, it does not constitute successful completion of the term for which the Incomplete and/or Deferment was received.

Students who withdraw during a term which they received a scholarship for must provide written documentation stating the reason for withdrawal. If the student does not notify the program, they are ineligible to reapply until successful completion of a term with other resources. If the withdrawal is due to circumstances determined to be justifiable (i.e.: medical, death in family), the student may be placed on probationary status for the upcoming term. If the student withdrew for reasons determined non-justifiable, they are ineligible to reapply until successful completion of a term with other resources (i.e.: attendance problems or not completing assignments).

Grade Requirements

Students must have graduated/will graduate from high school with at least a 2.00 Grade Point Average (GPA) preceding the term in which the student is requesting funding.

Probation

If a high school student applies to the program with a GPA that is lower than a 2.00, that student will enter the program in Probationary Status and will be awarded a Probationary scholarship. This student must complete their next term, completing at least 12 credits, with a GPA of 2.00 to be eligible for continued funding. Should the student fail to meet minimum requirements upon completion of the probationary term, they will be suspended from the

program. Upon suspension, the student is ineligible to reapply for further scholarships until successful completion of a term with other resources. Upon reinstatement of services, the student must maintain academic progress by meeting credit and GPA requirements, or services may be terminated.

Continued Funding

Once an application is approved and the student establishes “continuing student” status, the student becomes eligible to apply for continuing scholarships until they obtain a degree, so long as academic progress and good standing is maintained by meeting credit and GPA requirements.
